WILL NOT LEAVE HER WORK.

Heiress to Million Declines to Give Up Teaching.

NEW YORK, May 10.—Although she has just received a check for \$1,800,000 bequeathed to her by the late John D. Kennedy, the New York banker, Miss Charlotte C. Baker has no intention of giving up her position as teacher in a school for girls on East 55th street. She intends to go on with her work exactly as in the past, she says.

"I am interested in the school and there is no reason on earth for changing my mode of life," she explained. The money is to be invested in gilt-edged government bonds.

NEW PENSION PLAN

Senators Report Bill Affecting Police and Firemen.

HOUSE SCHEME CAST OUT

Referendum Vote of Taxpayers Is Disapproved.

FUNDS ARE PROVIDED FOR

Assessment on Salaries of Future Beneficiaries Is Required by Measure.

The Senate District committee today disapproved of the plan of the House for referendum vote of the taxpayers of the District to decide whether or not they were in favor of a special tax to pay pensions to the policemen and firemen of the National Capital and recommended the passage of a substitute with radically different provisions.

Under the substitute the retirement funds are to be made up of 1 1/2 per cent of the salaries of the firemen and policemen, of fines and forfeitures in the Police Court and certain other receipts from the operation of the police department; and, in case there is a deficit, receipts from licenses, such as liquor licenses, are to be available to pay the pensions. The bill also provides a general retirement system, different from that proposed in the House measure.

Conditions Held Bad.

In presenting to the Senate the recommendation of the District committee for the passage of the bill, Senator Gallinger asked for the present consideration of the measure, with a view to its passage.

"Conditions in the District, as regards police and firemen's retirement funds, are in bad shape," he remarked in the Senate. "The House has passed a bill which the Senate District committee does not approve. The committee has submitted a bill which I introduced some time ago, and I ask for its present consideration."

After the bill had been read several senators began to ask questions about it. Senator Bristow was solicitous as to the money from which the pensions were to be paid, asking if the funds were segregated so that the pensions were not to be paid from the general funds. He was told that they were.

"There is absolute wretchedness in the District among widows and orphans of firemen and policemen because of deficiencies in the fund at present," he added, as a reason for prompt action.

"I want to be heard," persisted Senator Bristow, "on any proposition to take money from the public treasury to pay pensions to civil employees."

Action Is Deferred.

Senator Heyburn also made some inquiries about the bill, and Senator Borah was on the point of raising further issue when Senator Gallinger announced that, in view of the inquiries, he would give senators time to study the bill. So it was put on the calendar for future action.

According to the bill, the fund for retiring policemen and firemen is to consist of "all fees imposed by the Commissioners of the District of Columbia upon members of the police and fire departments, and upon all rewards, proceeds of gifts and emoluments that may be received by any member of said departments for extraordinary services, except such as may be allowed to be retained by such member or members on the approval of the said Commissioners; all profits of the sale of unclaimed property in the custody of the property clerk of the police department; a deduction of 1 1/2 per cent of the monthly salary of each member of the police and fire departments, and fines and forfeitures paid into the Police Court of the District of Columbia, except those allowed by law to the use of the Humane Society."

In Case of Deficit.

In case of deficiencies in the fund, it is provided that the necessary amount may be taken from the receipts from licenses other than liquor licenses. If the fund is not sufficient to pay the pensions, it is to be paid necessary expenses, besides his regular salary, of any policeman or fireman injured in the line of his duty and contracting a disease in the line of his duty. When the disability is permanent, it is specified, after a service of not less than fifteen years, he is entitled to be retired at the following rates:

Fire department—Chief engineer, not to exceed \$150 per month; deputy chief engineer, not to exceed \$125 per month; battalion chief, fire marshal and superintendent, not to exceed \$100; assistant superintendent, not to exceed \$80; engineers and drivers, not to exceed \$65 per month; assistant engineers and assistants, not to exceed \$55.50; inspectors and privates, not to exceed \$50.

Police Department.

Police department, not to exceed the following sums—Major and superintendent, \$150 per month; inspector and assistant superintendent, \$125; inspector, \$100; captain, \$90; lieutenant, \$75; sergeant, \$60; private, \$50. The exact amount is to be determined by the length of service and nature of disability.

In the case of death of a member of the fire or police departments from injury or disease contracted in the line of duty, leaving a widow or children under twenty years of age or a dependent father or mother, or both, such widow or relative is to be entitled to a pension of an amount to be determined by the retirement board, not exceeding \$50 per month in one family.

Retirement after twenty-five years of service at the maximum allowance for the rank is provided, and \$75 may be added to the fund to pay funeral expenses of a deceased fireman or policeman.

The retiring board is to be composed of the surgeons of the police and fire departments and two officers each from

POSAM KILLS GERM LIFE ON THE SKIN

Any abrasion of the skin, cut, boil, blister, rash or open sore spot, is dangerous as a possible source of infection leading to serious skin disease, and should be treated promptly with Posam, the antiseptic healing remedy.

Posam readily shows its power to kill germs by stopping all itching and causing the trouble to disappear. Posam acts in this manner in any skin disorder, including all eczemas, acne, salt rheum, psoriasis, skin sores, sunburn, itchy, barbers' itch, and similar diseases. Minor ailments, such as pimples, are quickly driven away.

O'Donnell and his druggists sell Posam (50 cents), and POSAM SOAP, the best-tasting skin soap (25 cents).

For free sample of POSAM, write to the Emergency Laboratories, 25 West 26th Street, New York City.

A jury at Parkersburg, W. Va., has found an indictment for first-degree murder against Charles M. Callahan, a former police officer. Callahan shot Jack Shropshire, a photographer of Cairo, W. Va., when the latter tried to escape from him several months ago after arrest.

"HOTPOINT" DAY

All Over the United States

SATURDAY, MAY 11

\$2.25 THE THREE-POUND HOTPOINT ELECTRIC FLATIRON will be sold, with 5-year guarantee, tomorrow only at HALF PRICE—\$2.25 instead of \$4.50. **\$2.25**

Set the clock—dinner will be cooked on time, whether you're home or not. Demonstrations gladly given. Call and examine this "FIRELESS COOKER."

National Electrical Supply Company
1330 New York Avenue

the two departments to be designated by the Commissioners.

Changes in Measure.

Changes made in the bill, since it was introduced, make it mandatory upon the Commissioners to cause retired police and fire department members to be examined to determine whether the pensions shall be increased or reduced; and if a pensioner refuses to be re-examined the Commissioners may reduce or discontinue the pension. Pensioners also be discontinued if a pensioner is found guilty of a crime involving moral turpitude, or has become a habitual drunkard.

In times of emergencies, such as great fires, floods or extraordinary assemblies, the retired officers may be recalled temporarily to duty.

NO PLEDGE REQUIRED OF TAFT DELEGATES

Those in California, if Elected, May Vote for Any Candidate They Please.

SACRAMENTO, Cal., May 10.—The twenty-six Taft candidates for delegates to the republican national convention will not be pledged if they are elected. So as their signatures attest, they simply are running free to join in any combination for any candidate nominated on the floor of the convention.

It was discovered in the files of the secretary of state, here yesterday that whereas the Roosevelt, La Follette and Clark and Wilson candidates have all signed the affidavits required by law, declaring their personal preferences for President, and their willingness to support "that candidate for President of the United States who shall have received the highest number of votes throughout the entire state," (by the voters of their party), the forms supplied by the Taft California committee omit any statement of preference or any pledge of support.

Under the law this failure is not sufficient ground for the secretary of state to refuse the nomination papers.

Will Contest Election.

SAN FRANCISCO, May 10.—The failure of the Taft delegates in California to sign the preference and delegate pledges promises a complex situation. Roosevelt supporters already have planned to contest the delegates should they be elected. Both sides are agreed that the Taft delegates have a legal right to omit signing the pledges, inasmuch as both pledges, under the law, are optional. Roosevelt leaders declare the purpose of the action was to save struggling voters for Taft in the event that Roosevelt carried the majority of the districts.

Had they signed the pledges they would have been bound to vote for Roosevelt, under the law, are optional. Roosevelt leaders declare the purpose of the action was to save struggling voters for Taft in the event that Roosevelt carried the majority of the districts.

FOR COLONIZING GARAGES

Commissioners Will Amend Building Rules for This Purpose.

Colonization of public garages is contemplated by the District Commissioners in a decision reached by them today to amend the building regulations so as to permit the establishment of such places of business in squares already occupied by a garage or living stable without requiring the consent of adjoining property owners.

Views of Mr. Hacker.

In recommending the regulation to the Commissioners Building Inspector Morris Hacker said:

"Such provision in the building regulations would, it is believed, tend to colonize large garages in certain squares in the city, and in this way, serve to concentrate the damage to certain sections instead of distributing it to many different localities, thereby minimizing the nuisance to the greater number of residents."

WOMAN ROBBED IN STREET.

Handbag and Pocketbook Are Snatched From Her.

Mrs. Emma B. Wex of 920 B street southwest was robbed of her handbag and a pocketbook containing nearly \$10 while passing through the Smithsonian grounds this afternoon. Precinct Detective Kienlandt and Park Policeman Weninger later arrested William Varner, colored.

Mrs. Wex and the policeman identified Varner as the man who committed the robbery. He denies the charge. The pocketbook was taken to the police station and locked up.

Looks Good—Tastes Good

Pabst Blue Ribbon
The Bear of Quality

THE waiter knows that he is serving a discriminating guest when ordered to bring Pabst "BLUE RIBBON" Beer.

This is the beverage beyond compare, and is appropriate for all times and occasions. Wholesome and refreshing—a delight to the eye and the palate—the perfection of brewing.

Bottled only at the brewery in crystal clear bottles, showing at a glance that it is clean and pure.

Serve it to your family and guests. Phone or write
Pabst Brewing Co.
703-705 N. Capitol St., Phone Lincoln 1431 Washington, D. C.

amend the building regulations so as to permit the establishment of such places of business in squares already occupied by a garage or living stable without requiring the consent of adjoining property owners.

Under the present regulations the consent of 75 per cent of the property owners within a radius of 200 feet is required before a garage can be established.

The new regulation provides that in squares already occupied by public garages additional establishments of the same nature will be permitted without the requirement of any further consent.

serve to concentrate the damage to certain sections instead of distributing it to many different localities, thereby minimizing the nuisance to the greater number of residents."
